Follow these required steps toward earning and acquiring the Community Service Bar:

1. The girl identifies the organization for which she would like to volunteer.
2. The girl approaches the organization to convey interest in volunteering, gain understanding of the organization's needs, explain the requirements for this Award and decides to proceed.
3. The organization agrees to train the girl for a minimum of 4 hours before moving to the next step.
NOTE: The organization reserves the right to require more than 4 hours for training volunteers.
4. The girl completes a minimum of 20 service hours. This does not include the training period.
5. Use this Time Log to record the training hours (min. of 4) and volunteer hours (min. of 20)*.

*Girl Scouts who have earned the Community Service Bar may continue their community service with the same organization after bridging to Senior or Ambassador Grade Levels. Girls should begin a new Time Log for the new Grade Level. For continuing service in this fashion, the 4 hour training is not required. However, if a girl selects a new organization, the 4 hours of training is required with the new organization.

** Parent signature is accepted, in lieu of Troop Leader, for individually registered member (IRM).

NOTE: Girls' volunteer hours for earning the Community Service Bar may NOT include the same time as those hours counted towards the required minimum for earning the Bronze, Silver, or Gold Awards.
